

# Titanium 5

CUT RESISTANT

## PERFORMANCE STANDARDS

EN388

4X43E

## CERTIFICATION

NB2056  
CEC40300

## FEATURES

- ▶ Force360's exclusive Sinomac engineered yarn not only offers Cut level 5 protection but brings coolness to the hand in combination with a soft flexible feel for maximum comfort and dexterity
- ▶ Knitted 13 gauge liner provides excellent dexterity for general purpose work
- ▶ Polyurethane coating provides a positive wet and dry grip and resists oil degradation
- ▶ Perfect form, fit and comfort is achieved through Force360's unique knit pattern that mimics a 'hand at rest', minimizing hand fatigue
- ▶ Keeping hands cool is critical for comfort and improved wearer compliance. Only selected materials that allow air flow are used to ensure 360 degree air circulation and enhanced breathability
- ▶ UPF50+ offering maximum sun protection
- ▶ The Actifresh Sanitized treatment neutralizes odour creating bacteria ensuring the gloves are kept fresher for longer
- ▶ Certified by SAI Global to Cut Level E under EN388:2016
- ▶ Certified by SAI Global to Cut Level 5 under AS/NZS2161.3

## INDUSTRIES

- ▶ Construction
- ▶ Glazing
- ▶ Industrial Wiring
- ▶ Logistics & warehousing
- ▶ Maintenance
- ▶ Mining
- ▶ Recycling
- ▶ Sheet metal work

## SPECIFICATIONS

<b>PART NO.</b>	GFPR201
<b>LINER</b>	Sinomac Synthetic
<b>COATING</b>	Polyurethane

## SIZING & FIT

**AVAILABLE SIZES**  
S/7, M/8, L/9, XL/10, 2XL/11

**DEXTERITY LEVEL**  
Maximum Dexterity Level 5  
Certified under AS/NZS 2161.2

## PACKAGING

1 pair per hang cell  
12 pairs per inner pack  
144 pairs per carton

## REACH COMPLIANCE

**Required Safe pH Level**  
Certified under AS/NZS 2161.2

**AZO Dye and Irritant Chemical Free**  
Certified under AS/NZS 2161.2

## SUN PROTECTION

**UPF50+ Sun Protection**  
Pass under AS/NZS 4399 Sun Protective Clothing.  
Tested by Australian Radiation Protection And Nuclear Safety Agency (ARPANSA).

## GLOVE CARE

Machine Wash <40°C  
Cold Water Rinse  
Dryer <60°C

**KEY TECHNOLOGIES**

**SINOMAC SYNTHETIC**

Force360's exclusive Sinomac engineered yarn not only offers Cut Level 5 protection, but brings coolness to the hand in combination with a soft, flexible feel that maximises wearer comfort and dexterity.

**ACTIFRESH**

The Actifresh Sanitized treatment neutralizes odour creating bacteria. Gloves are kept fresher for longer. Actifresh resists UV degradation and maximizes product longevity.

**360 BREATHABILITY**

Keeping hands cool is critical for comfort and improved wearer compliance. Only selected materials that allow air flow are used to ensure 360 degree air circulation and enhanced breathability.

**HAND AT REST**

Perfect form, fit and comfort is achieved through Force360's unique knit pattern that mimics a 'hand at rest', minimizing hand fatigue.

**OIL RESISTANT**

This glove's palm is coated in a material that resists oil and petroleum degradation.

**WHY CERTIFY A GLOVES MECHANICAL SCORES?**

Unknown to most people, gloves in Australia are almost always sold as compliant to European Standards. They will show a European Standards mark and mechanical scores like -'EN388 4542X'. They may state in their literature Compliant to European Standards or Meets European Standards.

**This is NOT the same as being certified to European Standards.**

Compliant gloves can be simply marked with a particular cut level score of 5 or F for example; and the wearer must accept this claim. No further proof or validation from the glove manufacturer is required. For Force360 this is not acceptable. Hand injuries are commonplace and simply making compliance claims is just not enough to guarantee a glove's mechanical score, or it's protection level.

Asking a trusted and independent notifying body to certify the mechanical scores, guarantees that the scores are accurate and performance will be to this certification.

**Force360** has entrusted **SAI Global** the worlds' leading Standards Certifier to ensure that all mechanical scores are validated. This certification process ensures test certificates, manufacturing processes and plants, and the product itself are audited & scrutinized so that all claims are accurate. The Notifying body in affect becomes a gatekeeper of hand protection for the wearer.

**Force360's entire hand protection range is Certified by SAI Global.** Certified products must show a license number issued by the notifying body in addition to the EN388 mechanical scores like these below.
