- ▶ Pad printable in 6 areas up to 4 colours
- ▶ Custom coloured hard hats can be made to order (MOQ applies)

RANGE

FORCE360 CODE	DESCRIPTION	COLOUR
HPFPR56ML	Force360 Miners Hard Hat, Metal Lamp Bracket, Unvented, Type 1	White or Yellow
HPFPR56PL	Force360 Miners Hard Hat, Poly Lamp Bracket, Unvented, Type 1	White or Yellow
HPFPR57MLV	Force360 Miners Hard Hat, Metal Lamp Bracket, Vented, Type 1	White or Yellow
HPFPR57PLV	Force360 Miners Hard Hat, Poly Lamp Bracket, Unvented, Type 1	White or Yellow

TYPE 1 OR TYPE 2

- ▶ Type 1 hard hats are made from lightweight, hi impact rated ABS. This hard hat is suited to most everyday applications that are not heat related
- ▶ Type 1 is most common hard hat for construction and general head protection from impacts
- ▶ Type 2 hard hats are made from hi impact rated polycarbonate. This hard hat is suited to high heat applications like smelters and foundry works
- ▶ Type 2 hard hats should be worn where there is a risk of exposure to high heat and fire

STANDARDS & CERTIFICATION

Force360 source their entire range of hard hats from a single manufacturing partner to ensure consistency and reliability of product. Most importantly Force360 have taken the further step by engaging SAI Global to periodically audit and certify both the manufacturing process and the products. All of Force360's hard hats are certified to AS/NZS 1801. This standard in part ensures shock absorption, resistance to penetration, stiffness of the shell and electrical resistance are all within specified parameters. For Certified Australian Standard protection, only wear head protection with the Red Tick Tower.
