

# NBCF SPF50+ EVERYDAY SUNSCREEN LOTION RANGE

NATIONAL  
BREAST CANCER  
FOUNDATION

## GENERAL DESCRIPTION

NBCF is proud to launch the National Breast Cancer Foundation Range of SPF50+ Everyday Sunscreen. The UVA and UVB Broad Spectrum formula is available in multiple sizes, and is uniquely formulated to be absorbed quickly into the skin. *'By purchasing this product you are helping the NBCF to fund life changing research into the prevention and cure of breast cancer'*

## HOW TO APPLY

Shake well. Apply liberally and evenly to all unprotected areas of the skin 20 minutes prior to sun exposure. On an average sized adult, a minimum of 35ml should be applied. This is the equivalent of 1 teaspoon of sunscreen to each arm, leg, front of body, back of body and face (including neck and ears). Re-apply frequently, especially after exercise, perspiration, swimming and towel drying. Regular and frequent use can aid in the prevention of some skin cancers. Always wear protective clothing, hats and eyewear.
